PROFESSIONAL EXPERIENCE

Quality Control Inspector

Jun 2021 – Mar 2026

Saverglass LLC · Dubai, UAE

- Inspected 500+ luxury glass containers per shift; maintained near-zero critical defect escape rate across all product lines
- Conducted incoming, in-process, and final inspections using calipers, micrometers, height gauges, thickness gauges, and profilometers
- Identified and controlled critical defects — stones, blisters, checks, scratches, chips, and dimensional deviations — reducing non-conformances by 15%
- Maintained inspection records, quality reports, traceability documentation, and audit-ready records for ISO 9001, ISO 45001, and ISO 22000
- Led CAPA through root cause investigations, contributing to a 20% improvement in process compliance scores
- Monitored SPC control charts and quality checkpoints to ensure product conformity and early defect detection
- Collaborated with production and logistics teams to segregate non-conforming products, minimising scrap and rework costs

Cold End Inspection & Packaging Operator

Dec 2017 – Jun 2021

Saverglass LLC · Dubai, UAE

- Performed cold-end inspection and packaging quality checks on high-volume luxury glass production lines
- Executed CCP and QCP inspections in accordance with SOPs and GMP requirements, maintaining zero food-safety deviations
- Segregated non-conforming products, maintained traceability records, and supported production targets while upholding quality standards
- Consistently exceeded quality KPIs, leading to promotion to QC Inspector within 3.5 years
